

## InClass03 Plan

### Group 10:

Ishan Prasanna Gote

Nikhil Sanjay Jadhav

### UI components used:

TextViews

EditText

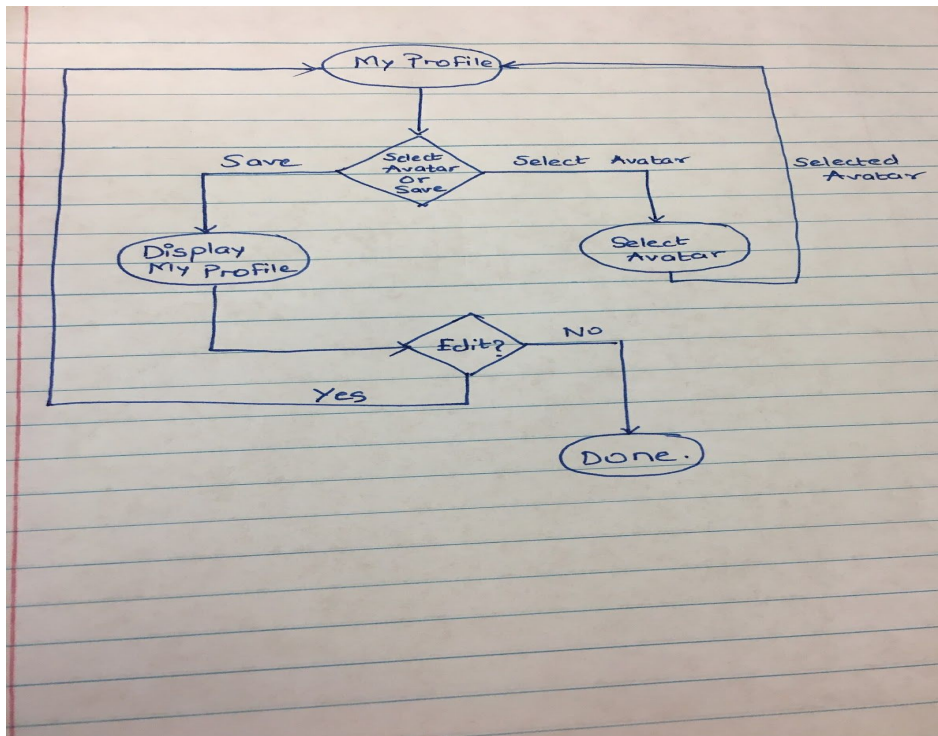

Button

Radio Buttons

### Corner Cases:

1. StudentId must be a 9 digit number only
2. Null values entered in edit text

### Flow Chart:

**Notes based on rubrics:**

UI same as in document

**Part 1**

Student Class

- String firstName, lastName
- int studentID
- enum Dept  
CS, SIS, BIO, OTHER

**Part 2**

(Edit OnClick), Start Edit Activity using implicit intent & for result

(Edit OnClick), Send information to Edit activity as Extras

- used intent.putExtra()

**Part 3**

Object is edited successfully and returned back to Display Activity

**Work Distribution:**

Ishan: UI + Activities

Nikhil: Plan + Logic implementation
